RENT SCOOTER ALICANTE

TODA LA CIUDAD A TU ALCANCE

We opened our doors just a couple of months ago and since then we have seen the great impact we have created in the tourism sector due to the lack of a good mobility vehicle rental service for short distances in Alicante, since our opening 95% of our customers have been tourists as we are mainly focused on them.

At the moment we have a small fleet of 17 vehicles that we hope to grow in a short period of time as well as offering new services such as guided tours for cruisers and other tourists.
